

Welcome to Crescent Cemetery

We are pleased that you have chosen us for your loved one's final interment. We strive to maintain a beautiful and peaceful place for you to visit and remember over the years.

Crescent Cemetery is a publicly funded special maintenance district and is not for profit. We will provide perpetual care for the lot and surrounding area. This includes mowing and trimming around headstones during the growing season, and removal of dead flowers and decoration all year round. We strive to ensure that the cemetery is well cared for so that you can enjoy the surroundings when you visit.

Here are a few things that you need to be aware of for the future care of your grave and headstone.

- We will place a temporary marker at the head of the grave. This marker is intended to help you familiarize yourself with the location of the grave for a short time only. The marker will be removed when a permanent headstone is placed or when the sign degrades.
- Headstones must be constructed of granite and may be no larger than 36" wide x 18" deep for a single grave and 72" wide x 18" deep for a double grave. The maximum height for any headstone is 48". Only 1 marker per grave is allowed. Each headstone is required to have a 6" concrete or stone mow strip completely around its perimeter. If the grave is split into smaller units for urns or infants, only the front headstone maybe raised, the other headstones (if any) need to be flat.
- All flower and decorations must be placed within the headstone borders. It is recommended that you arrange for vase holders or holes in the concrete mow strip to contain decorations. Flowers will be removed when dead or dried. All decorations not in permanent vases will be removed for mowing. Mowing day is Monday.
- NO GLASS, marbles, rocks, or shepherd hooks are allowed.
- No fencing or border decoration of any kind is allowed around burial plots
- All flowers and decorations on a new burial will be removed after 7 days.
- The cemetery does not sell, install, or maintain headstones. You are responsible for the care and maintenance of your headstone. The cemetery is not responsible for any damage to the marker unless caused by our equipment. Mow strips less than 6" thick will break over time. The cemetery is not responsible for breakage. We dig a lot of holes in the cemetery & the ground will settle & shift. If the marker sinks into the ground, you will need to have it corrected. If requested we can raise smaller headstones for a fee. We will **not** attempt to raise large upright markers.

If you have any concerns or questions about the maintenance of the cemetery or your gravesite, please contact the sexton, Robert Stephens at 801-870-4346

Crescent Cemetery Pricing (Effective 2/7/2022)

Residents of the Crescent Cemetery Maintenance District pay a portion of their property tax to help maintain the cemetery and therefore they receive a discount on pricing. If you see a line item of "Crescent Cemetery" on your property tax bill, you are in the Crescent Cemetery tax district.

	Resident	Non-Resident
Single Gravesite	\$800	\$1600
Open/Close	\$800	\$900
Infant Gravesite	\$300	\$300
Open/Close	\$300	\$300
Cremation	\$300	\$450
Open/close	\$300	\$450

Extra services:

Saturday	\$250 add
Sundays/Holidays	N/A
